Work Experience

Software Engineer, EDG | MathWorks   Aug 2023
Boston, MA

Junior Developer | Intellimind   July 2021 - May 2023
Las Vegas, NV

- Built high performance, scalable, cross-platform responsive web app with React, JavaScript, Material-UI and other technologies integrated with AWS Amplify, Cognito, and S3
- Efficiently integrated RESTful APIs and dynamically handled asynchronous data to display it in the frontend
- Participated in project oversight and peer code reviews, utilizing collaborative development workflow platforms like Bitbucket
- Configured, deployed, and managed AWS resources for a serverless architecture migration project

Software Engineer Intern | Best Buy   June 2022 - Aug 2022
Minneapolis, MN

- Designed and built a web application to improve IT support experience
- Developed RESTful APIs and other microservices with Spring Boot for the backend
- Built reusable React JS/TS components to generate a form and other UI elements for the frontend

Skills

Languages: C/C++, Python, Java, JavaScript, TypeScript, HTML, CSS, Swift, x86 Assembly, php
Technologies: AWS, Git, React/Native, Node JS, Spring, Figma, Arduino, Swagger, REST APIs, Selenium, MySQL

Projects

Diabetes Indicator Data Analysis | Python, Jupyter   View Project

- Analyzed open source dataset to detect diabetes in an individual using Numpy and TensorFlow
- Implemented various machine learning algorithms to create an accurate and optimal predictive model
- Won Grand Prize in undergraduate machine learning research competition

VolunteerOne | Project Manager · Mobile Development, React Native, JavaScript, Expo, Git   View Project

- Created, managed, and delegated tasks for developing and implementing key features for mobile app
- Built dynamic and responsive React Native component and screens to handle and display backend data
- Conducted PR and code reviews to maintain coding standards for the team

Education

University of Nevada, Las Vegas   2023
Bachelor of Science - Computer Science   GPA 3.70

Relevant Coursework: Intro to Computer Engineering, Data Structures and Algorithms, Computer Organization, Operating Systems, Information Assurance, Intro to Machine Learning, Automata, Internet Programming, Compilers

CodePath   Remote
Certificate in Intermediate Software Engineering   June 2022 - Aug 2022

AWS Certification
Certified Cloud Practitioner   June 2021

Community Involvement

Girls Who Code | Director of Social Media, Member, Vice President   2019 - 2023
Alpha Phi Omega | Fellowship Chair, Member   2021 - 2023
